MUD UK stocking RAM Mounts

MUD UK are now stocking RAM mounts. RAM are a well renowned manufacturer of some seriously strong device mounts for in-the-cab

Stratchits - Stretchable Ratchet Strap

Cinch down your loads simply and effectively. No more worries about bumpy roads and rattling loose loads. The Stratchit absorbs the tension. Think of the Stratchit as a stretchable ratchet strap. The Stratchit has all the benefits of a ratchet strap and a bungee cord combined. Sold in pairs.

ONLY
£83.94

Venture Accessories Bumpers

Defender bumpers rust like mad. Venture Bumpers are modelled on the original stock Defender bumpers, with added powder coating and layers of zinc phosphate and zinc passivate. Venture guarantee against corrosion for 3 years and provide plated steel bolts, black plastic covers and two tapping blocks - everything you need to fit the bumper.

FROM
£525

Stainless Steel, Single Pivot Defender Wheel Carrier

The standard Defender wheel carrier is mounted directly onto the rear door, which causes strain on the rear door hinges, especially if using larger tyres or travelling off-road. This new wheel carrier has been designed to take all the stress off the rear door hinges. Additionally, no holes need drilling in the bodywork.

FROM
\$100

CNC Aluminium Wingtop & Side Vents

This vent offered here is a great upgrade, and not only dresses up your Defender but is exceptionally more durable than the cheap plastic vent.

FROM
£37.00

Puma Billet Gear & Transfer Knobs

These gear knobs are machined from billet aluminium, other colours can be chosen through Croytec's special orders service

ONLY
£23.95

Defender & Series 3 Trim Panel

This steel trim will tidy the cut out in your dashboard and create a perfect fit up to the Raptor Console. Only fit if you already have a Raptor Console!

Remap It Yourself - Personal Land Rover Tuner

The MPF is designed to give you a way to read and write your own cars ECU or "Engine Control Module" with your Android device. This tool plugs into your OBD port and allows you to switch between a tuned mode and a default tune for your MOT. Works with a range of newer Land Rover vehicles.

FROM
£82.50

WIFI Reverse Camera

This is a great little device, It is a reversing camera that uses a wireless signal to connect to your smart phone or tablet. Then simply download the app from either the Play Store or the App Store (details of which app are within the instructions

FROM
£2582.26

Devon4x4 now stocking AFN 4x4 Products

AFN produce hard-tops for 110 & 130 Pick-ups with pop-up rear canopies. Pricy but these look very well made and like an original factory item.

Check them out at Devon4x4

TT-RT02 ROOFTENT

The TT-RT02 is an extended model canvas roof tent. This is based on a well proven design and comes with a full lower annex room. It has a separate safari fly-sheet which helps reduce condensation and control temperature.

When combined with the lower annex (included) there's a huge amount of accommodation! The annex has screened windows / doors, fitted groundsheet and is big enough for beds or table and chairs. Please note annex has slight colour difference due to different fabric used, see pics.

Expedition Spare Tire Covers

- Heavy weight canvas
- Include a full-width pocket with plenty of room to store recovery straps or a few shackles
- Velcro Panel Option – 4” square panel at the top centre
- Large exterior pocket flap features 3 heavy-duty snaps
- Drainage grommet
- Side loop to accommodate a carabiner for your camping trash bag
- Heavy Duty bungee cord in seam to ensure a tight fit.
- Embroidery options
